

FIRE SPRINKLER DEMO TRAILERS: SEEING IS BELIEVING.

The best way to convince people how effective fire sprinklers are is to show them. That's why the Illinois Fire Inspectors Association (IFIA) and Northern Illinois Fire Inspectors Association (NIFIA), along with the Northern Illinois Fire Sprinkler Advisory Board (NIFSAB), offer four fire sprinkler demonstration trailers for use by fire officials and fire safety advocates. Use them at village, city, or district board meetings, training events and public education events.

Each trailer is equipped with quick-response residential fire sprinkler systems, which may be supplied by a tank and pump and/or through an FDC and hydrant connection/engine hose line feed. NIFSAB generally tows the vehicles to the site, but in some situations you may need a tow vehicle with a Class III hitch. The fire sprinklers are supplied by NIFSAB. A generator is also available (upon request) for reservation with the trailers.

Please take photos during the event and submit them to Erik Hoffer at erik@nifsab.org with event details.

Standard IFIA Trailer | Burn room featuring residential sprinkler

Cost: \$50 user fee per week or any portion thereof, \$150 for non-members
Who to Contact: Monica Halverson
 (224) 387-3340, ifafire@illinoisfireinspectors.org
Pick-Up Location: UHaul Moving & Storage (11855 S. Cicero Ave., Alsip, IL)
 Call NIFSAB (708-403-4468) to arrange entry into locked-gate storage
Water Supply: Tank & pump (electric needed) or FDC

IFIA Retrofit Trailer | Burn room featuring residential sprinkler, along with commercial valves (dry and preaction) for hands-on fire service training

Cost: \$50 user fee per week or any portion thereof, \$150 for non-members
Who to Contact: Monica Halverson
 (224) 387-3340, ifafire@illinoisfireinspectors.org
Pick-Up Location: UHaul Moving & Storage (11855 S. Cicero Ave., Alsip, IL)
 Call NIFSAB (708-403-4468) to arrange entry into locked-gate storage
Water Supply: FDC only

IFIA Hotbox Trailer | Burn room featuring residential sprinkler (remote-controlled)

Cost: \$50 user fee per week or any portion thereof, \$150 for non-members
Who to Contact: Monica Halverson
 (224) 387-3340, ifafire@illinoisfireinspectors.org
Pick-Up Location: Illinois Fire Inspectors Association,
 426 W. Northwest Hwy., Mt. Prospect, IL
Water Supply: Tank & pump (electric needed to charge battery) or garden hose

NIFIA Trailer | Burn room featuring residential sprinkler, along with commercial valves (wet and dry) for hands-on fire service training

Cost: \$25 user fee
Who to Contact: Mike DaValle
 (847) 526-2821 x3137, mdavalle@waucondafire.org
Pick-Up Location: Wauconda Fire District, Station #3, 1300 S. Gilmer Rd., Volo, IL
Water Supply: FDC only
