

Fire Sprinkler System Plan Review

Tue. & Wed., April 20 & 21

8:00 a.m. - 4:30 p.m.

Check-in begins at 7:30 a.m.

Plainfield Fire Protection District HQ

23748 W. 135th St., Plainfield, IL

Plan Review for Fire Sprinkler Systems (2-Day)

This two-day, in-person* seminar provides attendees with vital information on how to conduct the plan review process for water-based fire protection systems.

Utilizing the requirements of NFPA 13, the participants will be guided through an actual review of sprinkler system plans and calculations. They will discuss the importance of employing a systematic review process and identify the documents required for a complete plan review. Finally, participants will review and discuss a submittal of the hydraulic calculations presented with the plans. Discussion points include the process of hydraulic calculations and identification of the key pieces of information, and the common errors that are made.

NOTE: Class will follow 2016 edition of NFPA 13. NIFSAB will provide attendees with a copy if they are unable to bring one.

COST: \$10 total per person

Continental breakfast and boxed lunch will be provided each day.

Certificates will be issued for 16.0 ICC contact hours.

**Register at www.bit.ly/plan-review-2d
by Wednesday, April 14.**

**All local COVID safety protocols will be followed for this in-person class.*

Instructor Ron Ritchey

*Great Lakes Field Services Coordinator
National Fire Sprinkler Association*

Ron Ritchey began his career with NFSA after retiring from the Lafayette (IN) Fire Department with 23 years of service, sixteen of those years as Assistant Chief of the Fire Prevention Bureau. He is now responsible for the oversight of membership services for the five state region in the Great Lakes area and travels throughout the U.S. conducting training programs to improve the understanding and implementation of the codes and standards relating to water-based fire protection systems.

This class is provided by:
