

# OPEN HOUSE: Tour a Fire Sprinkler Protected Home

**Tuesday,  
April 26  
3:00-7:00pm**

**504 Grandview Avenue  
Valparaiso, IN**

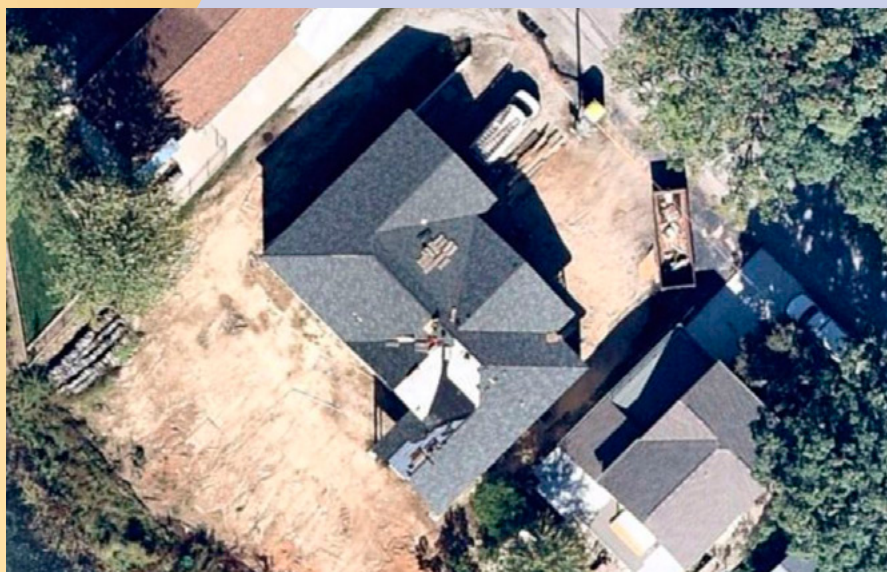

**Come out for an educational  
tour of a single-family home  
being built with fire sprinklers.**

Officials from the listed organizations will answer questions and explain how home fire sprinklers operate.

Virtual reality headsets will be available to view the Home Fire Sprinkler Coalition's newly released videos of home fires with and without fire sprinklers.

## DID YOU KNOW?

- Homeowners can receive discounts on their homeowners insurance when they install fire sprinklers. Discounts range from 5 - 25% off the fire portion of the insurance.
- Fire sprinklers only cost approximately 1.5 - 2% of the total cost of a new construction home.
- Fire sprinklers are individually heat activated. They don't all activate at once and cannot be set off by smoke.
